## Introduction

We know and we share your concerns about business and the environment. Now you can source the very best Australian industrial liquids and cleaning products simply and easily.

Extreme Green.  
Eco-friendly products that work. Yes. That's right, they work.

Designed for all forms of industry as well as domestic and business use, the Extreme Range range will help you grow your business and your brand reputation while staying tuned to the environment.

Envirosafe Solutions...your safer, smarter alternative.

# Putting Safety First

## Envirosafe Rating

A clear, crisp product rating specially formulated so you can assess, check and choose the products you need.

Independently assessed.  
Comprehensive descriptions.  
What you see is what you get.

Check the health, environmental and transport/storage hazard ratings in the blink of an eye. All the information you need and want to make sustainable, informed business decisions.

Fast, efficient, informed.

*A quick, easy ready reckoner that lets you know the truth. The honest truth about Extreme Green products.*

HAZARD RATING	HIGH	SAFE
HEALTH	    	
ENVIRONMENT	    	
TRANSPORT/STORAGE	    	

*"The safer, biodegradable alternative:  
Worksafe compliant.  
Meets and exceeds EPA disposal requirements.  
Absorbs immediately on contact."*

## Accidents Happen

Yes. They do.

And when they do, you can use a premium performing alternative. Envirosafe Solutions supplies fast-acting absorbents and spill kits for your site.

Indefinite shelf life and a full five Envirosafe rating making our products better for health, environment and even transport and storage.

Spills are a fact of industry life. The solution is here with SPILL ZORBE and SPILLFIX BIO-WASTE SPILL KIT.

Worksafe compliant.  
Meets and exceeds EPA disposal requirements.

Absorbs immediately on contact; Liquids, gases, odours.

The credible alternative.... Safe enough for you, staff and even family to use.

## Absorbents & Spill Kits

### SPILLFIX BIO-WASTE SPILL KIT

Simple. Safer. Effective, all-in-one method to clean away potentially harmful and infectious human/animal spills.

Immediate and secure absorption.

Reduces slip hazard and includes disposable personal protection equipment for faster response.

## Cleaners

### ALL PURPOSE GLASS CLEANER

A truly versatile solution. A do-it-all water-based, biodegradable cleaner with excellent non-smear results. Highly concentrated formula that is equally effective on glass, stainless steel, vinyl and even laminex. Doubles as a brilliant sanitiser. Septic/Greywater Safe.
